CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those that have tried it, but those who have not. Families who have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1847; also the Medals of the three great Institutes of Art in this country, also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the Port and City of

ST. JOHNS, May 8, 1851.

Dr. J. C. Ayer—

Five years trial of your CHERRY PECTORAL in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.

J. J. BURTON, M. D. F. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more:

SUDBURY, Jan. 24th, 1851.

Dr. Ayer—In the month of July last I was attacked by a violent Diarrhoea in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My Diarrhoea ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral.

Yours truly, WILLIAM W. SMITH.

WASHINGTON, Pa., April 12, 1848.

Dear Sir: Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A cough and the alarming symptoms of Consumption had reduced me too low to leave me any thing like hope, when my physician brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health. If it will do for others what it has for me, you are certainly one of the benefactors of mankind.

Sincerely wishing you every blessing, I am

Very respectfully yours,

JOHN J. CLARKE, Rector of St. Peter's Church.

With such assurance and from such men, no stronger proof can be adduced unless it be from its effects upon trial.

Steam Planing Mill.

W. & A. HALL,

WOULD respectfully give notice to their customers and the public that they are in successful operation at their Mill on Break-water Wharf, Brewer, and are now prepared to give their most prompt attention to all calls for Planing, Turning and Grooving Boards—Planing deck plank, &c., all of which will be done with neatness and to order, as low as at any other Mill. All persons having Lumber on or near the waters of the Penobscot in vicinity of Brewer or Bangor and wishing to have the same worked in the above manner, will find great saving by having their work done at Hall's Mill, as the expense of transportation by water does not exceed one fourth the cost of land conveyance.

ZINC PAINTS,

WARRANTED PURE.

The New Jersey Zinc Co.,
WAREHOUSE 45 DEY STREET,
NEW YORK.

ARE prepared to supply their Zinc Paints at the following prices:

No. 1 White, ground in oil, 9c per lb.
No. 2 White, ground in oil, 8c per lb.
No. 3 White, ground in oil, 7c per lb.
Brown and Black ground in oil, 6½c per lb.
Dry White of Zinc, 6c per lb.

WHITE ZINC PAINT.

After thorough test in Europe, and the United States, has been found to retain its beauty and protective qualities longer than any other paint. For whiteness and brilliancy it is unrivaled; it is free from all poisonous properties so common and dangerous in other pigments; will cover, equal weight, from 10 to 100 per cent. more space than lead, and is, therefore, much cheaper in the end. As an inside paint, it will not turn yellow, even when exposed to the sulphurous gases of coal fires or the foul air of ships. Their White Zinc ground in varnish produces the porcelain finish.

Brown and Black Zinc Paints

In a few hours form a hard and solid metallic coating upon wood, brick, iron and other metallic surfaces, and are remarkable for their fire-proof properties. They are specially adapted for marine purposes, having been found to resist the corroding action of salt water, so destructive to other paints.

Dealers supplied on liberal terms by

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION.

Copy of a Letter from Mr. R. W. Kirkus, Chemist, 7, Prescot Street, Liverpool, dated 6th June, 1851.

To Professor Holloway.

SIR,—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer, to whom I can refer for any enquiries, desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver, and bad digestion. On the last occasion, however, the virulence of the attack was so alarming, and the inflammation set in so severely, that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills, and she informs me that after the first, and each succeeding dose, she had great relief. She continued to take them, and although she used only three Boxes, she is now in the enjoyment of perfect health. I could have sent you many more cases, but the above, from the severity of the attack, and the speedy cure, I think, speaks much in favor of your astonishing Pills.

(Signed) R. W. KIRKUS.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER, IN VAN DIEMEN'S LAND.

Copy of a Letter inserted in the Hobart Town Courier, of the 1st March, 1851, by Major J. Walch.

Margaret M'Connigan, nineteen years of age, residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months which had entirely deprived her of the use of her limbs; during this period she was under the care of the most eminent medical men in Hobart Town and by them her case was considered hopeless.—A friend prevailed upon her to try Holloway's celebrated Pills, which she consented to do, and in an incredible short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE.

From Messrs. Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement—August 2d, 1851.

To Professor Holloway.

SIR,—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath, that prevented me from walking about. I am 84 years of age, and notwithstanding my advanced state of life, these Pills have so relieved me, that I am desirous that others should be made acquainted with their virtues. I am now rendered, by their means comparatively active, and can take exercise without inconvenience or pain, which I could not do before.

(Signed) HENRY COE, North street, Lynn, Norfolk.

These celebrated Pills are wonderfully efficacious in the following Complaints.

Ague	Fevers of all kinds	Scrofula, or King's Evil
Asthma	Fits	Sore Throats
Bilious Complaints	Gout	Stone and Gravel
Blotches on the Skin	Head-ache	Secondary Symptoms
Bowel Complaints	Indigestion	Tic Douloureux
Colics	Inflammation	Tumours
Constipation of the Bowels	Jaundice	Ulcers
Consumption	Liver Complaints	Venereal Affections
Debility	Lumbago	Worms of all kinds
Dropsy	Piles	Weakness, from whatever cause
Dysentery	Rheumatism	&c., &c.
Erysipelas	Retention of Urine	
Female Irregularities		

Sold by the Proprietor, 244 Strand, (near Temple Bar) London, and by all respectable Vendors of Patent Medicines throughout the British Empire, and by those of the United States, in Pots and Boxes at 37½ cts—87 cts, and $1,50 each. There is a very considerable saving by taking the larger sizes.

Greenleaf's Primary Arithmetic.

MENTAL ARITHMETIC upon the Inductive Plan; designed for Primary and Intermediate Schools. By BENJAMIN GREENLEAF, A. M., author of the "National Arithmetic," etc.—Revised and enlarged edition, 144 pp.

To render this work more complete for the class of pupils for whom it is intended, the author has, at the urgent solicitation of Teachers, considerably enlarged and improved it, and has appended a concise and easy system of *Written Arithmetic* (for exercises for the State) which the publishers trust will make it still more useful and acceptable to the public. In its present form, it is a suitable introduction not only to the next book of the series, the "*Common School Arithmetic*," but to any of the various treatises on written Arithmetic. The Work is handsomely and thoroughly executed, and is sold at a cheap rate.

☞ This popular work (intended to supersede the edition heretofore in use,) is now used in the Public Schools of Boston, Cambridge, Salem, Lynn, Newburyport, New Bedford, Providence, and in many other cities in various parts of the United States.

Specimen copies, furnished (gratis) to Teachers and School Directors, who are invited to examine the work.

For sale at the lowest rates, wholesale and retail, by DAVID BUGBEE, who will supply Teachers, Committees, &c.

ZINC AND Fire Proof Paints,

Warranted Pure.

THE New Jersey Zinc Company furnish their Zinc Paints at the following prices:

No 1 White, ground in oil, 9 cents per lb.
No 2 White, " in oil, 8 " "
No 3 White, " in oil, 7 " "
Dry White of Zinc, 6 cents per lb.
Brown and Black, ground in oil, 6½ cents per lb.

Their WHITE ZINC PAINT—equal weight—covers, according to surface, from 40 to 100 per cent more surface than any other Paint; retains its whiteness, brilliancy and protective qualities for years; is free from the poisons so dangerous in other pigments, to painters and tenants of newly painted rooms, and resists the sulphurous coal gases and foul air of ships, and as outside or inside paint, does not tarnish or become yellow. Ground in varnish it forms a beautiful porcelain finish. The French government has adopted Zinc Paint for all its uses.

The BROWN AND BLACK ZINC PAINTS form directly a solid metallic coating on wood, brick, iron, &c., admirable for fire proof qualities. They are invaluable for railcars, depots, engines, &c. For marine uses they resist the corroding of salt water and weather, so fatal to other paints.

The Zinc and Fire Proof Paints are sold, at wholesale and retail at the manufacturer's prices by GEO. W. EMERSON, Druggist,
Agent for Bangor.

To all Officers, Non-Commissioned Officers, Musicians and Privates,

Who served in the Aroostook Expedition in 1839.

BY a late act of Congress, forty acres of Military Bounty Land, is granted to each one of the above named troops who served one month, and to the Widows or heirs of those deceased. And the undersigned, having the Orders, Rolls, Records and papers of that expedition in his custody and all the facilities for procuring Bounty Land Warrants, tenders his services to those who served in that expedition, in procuring their respective Warrants.

All persons who may please to call at the office of the subscriber, at Exeter Corner, can have their claims attended to; and in his absence, by John L. Hodsdon, Esq., who has had much experience in this kind of business.

The subscriber will spend much of his time at the "Hatch House," kept by Paul Varney, Esq., in Bangor, and in his absence, a competent person to take their respective applications may be found by inquiry of the landlord of the House.

For the accommodation of those living at a distance, the subscriber will visit Lincoln, Oldtown, Dixmont, Dexter, Dover, Monroe, Belfast, Bucksport and Castine at an early period, and seasonable notice of his intended visit will be given.

All those applicants for Bounty Land, who still have their discharge from service, must produce it at the time of making their application. Any person living at a distance, who will forward his discharge to the subscriber, at Exeter, Me., can have his application prepared for his signature and forwarded to him by mail, to be sworn to and certified by the Clerk of the Courts.

All communications by mail will receive prompt attention.

The subscriber having devoted four months during the past summer to locating Military Bounty Land Warrants in the State of Wisconsin, and examining and selecting lots for future location, is prepared to locate numerous Warrants on some of the most valuable lands in that State, from his own personal examination, assisted by a practical Surveyor.

ISAAC HODSDON,
Late Major General, commanding the said Detachment.

Attractive Labor.

BY JOHN G. SAXE.

"Hail social Progress! each new morn is rife
With some new theory of social life,
Some matchless scheme ingeniously designed
From half their miseries to free mankind;
On human wrongs triumphant war to wage,
And bring anew the glorious golden age.
'Association' is the magic word
From many a social 'priest and prophet' heard;
'Attractive labor' ring the changes round,
And labor grows attractive in the sound;
And many a youthful mind where barely lurk
Unwelcome fancies at the name of 'work,'
Sees pleasant pastime in its longing view,
Of 'toil made easy' and 'attractive' too,
And, fancy rapt, with joyful ardor turns
Delightful grindstones, and seductive churns!"

☞ Gleason's Pictorial for the present week, and which may be found at the Bookstores, is a very interesting number. Among its pictorials is a graphic show of several of the notable matters in the unique procession on the occasion of the Centennial Celebration in the town of Danvers, Mass.

This was one of the richest celebrations ever got up in the country, and caused to be brought out to the light of day a multitude of ancient heir looms deposited for generations in the archives of the families of substance in that noble town. The spirit of eloquence and poetry were invoked to give eclat to the occasion, and the public schools and public bodies of the city of Salem, were welcomed beneath a beautiful arch erected on the dividing line of the town.

Gleason has done well to embellish his agreeable paper with scenes from this procession, taking his readers back for a century to the grand old times of bean porridge, hearts, and shirts, breeches and cocked hats.

LIFE OF GENERAL SCOTT.

(Continued.)

SCOTT SENT TO QUIET THE NULLIFIERS.

General Scott had hardly got home from these trying and fatiguing scenes, when a fresh order from the government sent him to another quarter. At the close of November, 1832, nullification was coming to a head in South Carolina. A state convention had passed its ordinance declaring that the United States revenue laws should not be enforced in South Carolina, and its legislature and executive were making preparations for an armed resistance. Such was the condition of things when General Scott was ordered thither. His first aim was to ascertain what measures were needed to secure obedience to the laws, and suppress the rebellion, if it should break out. But he was also charged with the higher office of conciliating the Carolinians. To avoid adding to the public excitement by open steps of military precaution, he visited Charleston by the way of the interior, as if on his annual visit of inspection. When he had finished his examination he returned to Washington, made his report to President Jackson, and concerted the arrangements necessary for the crisis. The revenue cutters and troops that were needed were sent down to Charleston, and General Scott then repaired thither with confidential instructions. A large discretion, was left to him in the execution of his orders. Every thing, in fact, depended on his own good judgment. But in the exhibition of this quality, as well as those of a more brilliant character, General Scott has never failed to distinguish himself. The extraordinary excitement of the public mind in South Carolina, now wrought up to the pitch of open war, rendered General Scott's task delicate and difficult in the highest degree. His head-quarters was at Fort Moultrie, opposite Charleston, which had been strengthened by large supplies of provisions, arms, ammunition, and troops; and its force further augmented by the presence of revenue-cutters and ships of war. The attitude of the government was unequivocal, and so was that of the nullifiers. One was determined to resist, the other was determined to quell that resistance. That General Scott should have been able, under such an aspect of impending hostilities, to associate and even hold friendly relations with the leading nullifiers, seems almost to forbid belief; yet so it was. By a happy union of firm and conciliatory conduct, he was able to keep on the narrow line of his duty, deficient otherwise to the demands of the federal government which had placed him there, and yet so to conduct himself as to win the confidence and regard of those whom it became his especial duty to watch, and if necessary, to subdue by force of arms. We can hardly conceive of a more difficult undertaking than was General Scott's in this mission, yet he succeeded in it to the entire satisfaction of all parties. At length he withdrew from the scene, with the consoling reflection that his course had been a chief means of saving his country from the horrors of civil strife.

SCOTT ORDERED TO FLORIDA.

An Indian war raged in Florida in 1835. The Seminoles, under their skilful and daring leader, Osceola, had taken up arms against the whites, and fought with a valor that awoke the government to the necessity of taking decided measures to subdue them. General Scott was accordingly ordered to the theatre of hostilities, where he arrived in February, 1836. He got his troops in readiness, and soon after the middle of March moved the three divisions into which he had divided them, upon that portion of the country where it was supposed the Indians had taken shelter. But the wily enemy eluded his grasp. Having failed in his first attempt to discover the hiding-place of the Indians, General Scott next broke up his force into five detachments, placing himself at the head of one of them, and scouted the country. None of the detachments, however, met with success in discovering the main body of the savages. They had sequestered themselves in the impenetrable fastnesses of that pestilential country, and thus escaped the most vigilant activity of our troops. Sickness ensued, and four hundred of our men were in the Hospitals. The supplies for the troops proved inadequate, and the campaign ended without any important fruits. General Scott having now experienced the extreme difficulties of the country, apprised the War Department that a larger force and different conduct of the next campaign will be essential to success. Meantime, difficulties broke out among the Creeks in Georgia and General Scott proceeded thither in May, and at once organized a volunteer corps to subdue them. This was accomplished with great promptness. By the 1st of July the Indians had surrendered or been entirely dispersed. On the 9th of July General Scott was ordered to Washington. Complaints were made because he did not find and capture the hidden Seminoles. But an inquiry that was instituted into the conduct of that campaign, proved the utter groundlessness of the charge, and resulted in the unanimous approval of the conduct of the brave commander by the court.

THOMAS S. PULLEN, of Dover.
LYSANDER CUTLER, of Dexter.

E[illegible] for [illegible] poli[illegible] York Tribune touching his political habits and moral conduct. This letter not coming before the editor of that paper was published in one edition of the Daily, and was then suppressed, and a pointed editorial appeared opposing such a course of electioneering. The loco papers, even after seeing the disclaimer, and knowing all about it, are in the habit of giving extracts from that letter and representing that this is the mode in which the whigs intend to conduct the political campaign. Such conduct on their part is little if anything better than a forgery.

The pertinacity with which this matter is followed up shows the desire which the loco leaders feel that the whigs should turn aside from the real points of difference between the two parties, and their candidates, and run into a crusade of personal abuse. In a game of this kind, to which they are strongly inclined, they think they shall be able to keep up their end of the yoke. But the whigs have no intention, as we understand it, to resort to personal abuse or to permit this campaign to degenerate into any such form.

Among the real points of difference between the two parties are The Tariff and Public Improvements. The comments of the New York Tribune upon the differences are very just and worthy the attentive consideration of all who would get a just view of the present bearings of political relations. It says that the whig platform affirms the right and duty of so imposing Duties on Imports as, by well considered discriminations, to protect and foster the development of our National Industry, which the antagonist platform circuitously and shufflingly denies—condemns Protection in effect without daring to do so in plain words. As regards Public Improvements, the whig platform affirms the duty of improving the navigation of our important Rivers, as also the accessibility and security of our Harbors, Lake as well as seaboard; which the hostile platform denies in like quibbling, prevaricating manner as with regard to Protection. It does not say in terms that all appropriations from the Federal Treasury for River and Harbor Improvements are unauthorized, but that is what its resolution amounts to. And Messrs Pierce and King, have in Congress voted with the bitterest and most sweeping adversaries of River and Harbor Improvements, resisting at every stage even the bills which Jackson and Van Buren signed. Yet their partisans have the brass to talk of carrying Michigan and Wisconsin by tremendous majorities!

Now though these questions are substantially unchanged, we believe there are thousands of minds formerly closed and barred against our views by party prejudice, whom the nomination of Gen. Scott will unshackle and liberalize.—Idly will any attempt to make them believe that the Scott of Lundy's Lane and Chapultepec is an enemy of his country's liberties and interests. He may be mistaken, as may any one; but they feel instinctively that he does not *mean* to be wrong, and they will candidly consider arguments which have made him a life-long, earnest whig. He will be abused, and already has been, and all manner of slanders heaped upon him, backed up by misrepresentation and forgery, but all this will accomplish nothing, except in his favor. The hounds who now decry him as pompous, arrogant, aristocratic, &c., defamed Harrison as a 'granny,' a simpleton, and a coward, stigmatized him as a "one-horse" candidate, &c., and were equally abusive of Taylor when a candidate. *Now* they vie in laudation of the humanity, good sense, genuine republican sympathies, &c., of both Harrison and Taylor; and they will be doing so of Scott after they shall have discovered that no detraction can deprive him of the admiration and confidence of his countrymen.

☞ Last year, says a correspondent, I put no cotton batting around my plum trees, and nearly the entire crop was lost by the ravages of the Curculio. This season I have wound cotton around all my trees, and I have now a most glorious prospect for a heavy crop. These facts may have nothing to do with each other, but I half suspect that they have to do with the matter, at any rate, I shall certainly "cotton" my trees another year.

The new steamship Cortes, Capt. Cropper, left New York on Saturday morning for Rio Janeiro and the Pacific. She is 1500 tons burthen, and is destined to run in Davis, Brooks & Co's line of Panama and San Francisco steamers, in conjunction with the Winfield Scott.

☞ The Pictorial Geography by S. G. Goodrich, contains an immense amount of matter of the most valuable kind. Those who have been accustomed to read the productions of the celebrated *Peter Parley*, will not fail of obtaining possession of this work, which in itself is a library; a treasury of knowledge. With this book before you, you may sit by your own quiet fire-side and safely ramble over every part of our earth, and in the thousand pictorial representations see almost every variety of animals inhabiting it—behold most of the natural curiosities on its surface—learn the present condition of all the different nations with regard to civilization, education, government, religion, manners, customs, curiosities, &c. And become acquainted with all the various productions and resources of every portion of the Globe.

No parent who knows the worth of this book, will fail of giving his children through it, that knowledge of the world which is always interesting and so highly important.

This work being continued all the most recent matter, in all quarters of the world, will be furnished to each subscriber, as soon as the census and statistics, now printing by Congress, shall be completed.

☞ The difficulty at Mazatlan, caused by the extraordinary contributions levied on that city by the Government, resulted in a pronunciamento. The foreign merchants sustained by their respective Consuls had previously determined to close their stores, rather than pay their contributions. The natives had also imitated the example of the foreigners, and the pronunciamento followed. Several arrests were subsequently made.

The port of Mazatlan, at last accounts, was deserted by shipping, and its commerce dead.

☞ The Boston School Committee are taking measures for the establishment of a Normal School in that city, for the education of female teachers to supply the wants of the public schools there. Of the 22,000 pupils attending them, 18,000 are instructed chiefly by female teachers. The whole number of such teachers at this time is 325, whose average term of service is four years. About eighty new teachers are annually required.

☞ The Newport Mercury of Saturday says that at no time has the demand for land and cottages in that place been so great as at present, nor so much attention paid to building. Several new contracts have been made within a few days for cottages to be erected on grounds already laid out, and great changes are looked for during the next few months.

☞ A Whig Convention is to be held at Tallahassee, Florida, on the 15th of July, to nominate State officers, and take action in relation to the Presidency. The Jacksonville Republican expresses the belief that it will ratify the nominations of the Whig National Convention, notwithstanding the opposition of Mr. Cabell.

☞ The Galveston News publishes glowing accounts of the crops throughout the Western part of the State. The Wheat and Sugar crops will probably be double what they have ever before been. Corn, it is said also, would probably be as low as 25 or 37 cts per bushel, all over the State.

☞ The Wizard of the North—this celebrated Necromancer *en route* for the British Provinces, has been engaged by Mr. English, to appear in connection with his company at the City Hall, this evening.

☞ Intelligence from several Southern States represent the crops of all kinds to be in an unusually promising condition. In some parts of South Carolina cotton was in full bloom on the 10th of June.

☞ The Boston Daily Mail is urging the whigs of Massachusetts to nominate Hon. Daniel Webster as their candidate for Governor, in order to place the Old Bay State in her true position.

☞ Some of the loco papers talk as if they were determined to *pierce* this glorious country and give it a *King*. The people will prevent this by administering Scott soup and Graham bread.

☞ The potato crop in Maine never gave greater promise, than at the present time. They were generally sown early, and next week the market will be well supplied with new potatoes.

☞ A despatch from Concord, New Hampshire, dated Saturday, states that at Lake Village, N. H., on that morning, three young girls were drowned.

☞ English papers appear entirely ignorant of everything concerning Gen. Pierce, except that he is a Free Trader, and so far favorable to the interests of that country.

☞ At a barbecue of the Southern Rights party in Barbour County, Ala., Gen. Quitman was nominated for President, and T. M. Clingman for Vice President.

☞ A villain has been arrested and lodged in St. Andrews Jail charged with attempting to commit a rape upon an innocent girl in that town.

☞ The city authorities of New York have resolved to solemnize the death of Mr. Clay, by ceremonies on the 20th inst.

☞ The Boston Atlas states that the original report that Mr. Lawrence will return to this country in October, is correct.

☞ Theodore Frelinghuysen is announced to deliver an eulogy upon the life and services of Henry Clay, at Newark, N. J.

☞ The Whigs of Bath are about to form a social, political Club for the purpose of promoting the election of Scott and Graham.

☞ A pork dealer in Cincinnati has forwarded to Queen Victoria a cask of his best sugar-cured hams.

☞ Mr. Quackenboss, clerk in the Merchants Bank, New York, has been arrested for forgery.

☞ We give our hearty thanks to Carr's Express, for papers received yesterday, in advance of the mail.

Central Congregational Church.

We understand the Central Cong. Society to which Rev. Prof. Shepard ministers, has contracted with Mr. Leonard L. Morse of this city, to erect the present season, a spacious Church edifice on French street, adjoining the estate of N. Lord, Esq. It is to be about 100 feet deep, by 60 feet in width, with galleries on three sides and will probably furnish a larger number of sittings than any building in Bangor.

The place contemplates a basement entirely above ground, to contain a convenient vestry and other spacious rooms. The design indicates a plain exterior, but the interior arrangements will be tasteful and attractive.

It is to be regretted, that a building of this magnitude, and in so prominent a location, should not be adorned with a *spire*, especially as our city is so deficient in ornaments of this description. The parish wishing to avoid a debt have concluded to dispense with this appendage, the additional cost of which would be some $2500. The vestry which will furnish some 400 sittings, is to be finished the present season and will be occupied for worship, until the audience room above is completed in June next.

We congratulate this new society on its brightening prospects—with a commodious and tasteful church, and one of New England's strongest and most popular preachers, it may, we think, take rank with the other prosperous parishes in our growing city.

COURT COURIER.

Supreme Judicial Court.

The following causes on the Washington County docket, were argued yesterday.

Robert Tucker v. John Tucker. Thatcher for Pltf. Fessenden & Chase, for Deft.

John Dudley et al. v. E. D. Green. Chase for plfs.

John Huckins et al. v. Asa Straw. Cutting for plfs. Peters for deft.

B. Bradbury v. Otis L. Bridges. Submitted on brief.

Joseph P. Thompson v. Joseph C. Lewis and trustee—submitted without argument.

George Sherman v. James S Pike—submitted without argument.

Houlton v. Lubec. Argued in writing. Tabor for pltf. Talbot for deft.

The docket of Piscataquis County was next taken up and the following cases were argued:

Jacob Cilley apt. v. Francis A. Cilley. Blake for plf. Sanborn for deft.

Franklin M. Meder v. Inhabitants of Atkinson. Judg't by consent on verdict for defts.

Daniel Briggs v. Freeman Davis. Merick for deft.

State v. Joseph McNally, et als, from Waldo County, Frankfort riot case was also argued by Rowe & Bartlett for prisoners and Attorney General Tallman for Government.

☞ The people of Fort Fairfield, in Aroostook County, celebrated the anniversary of Independence in a very agreeable and patriotic manner, by a procession, public dinner, oration &c. In the procession was a large rustic carriage drawn by six beautiful horses, and containing forty-nine ladies. Three hundred and seventy-five persons were seated at the public dinner. The whole proceedings were marked with the greatest enthusiasm and those men who have woven golden threads into the history of our country were duly remembered on the joyous occasion.

☞ Mr. William Bartlett, formerly a teacher in one of the public schools in this city, has, after an absence of several years, returned here and has opened a school for the purpose of teaching the art of Phonography, an art in which he has taken a deep interest, and which he is thoroughly competent to teach. This is an interesting art, and a growing one, and will, by and by come into use, among printers especially. It is an art which every young man should make himself familiar with.

☞ The funeral procession in honor of Henry Clay, was the most imposing demonstration of any description ever got up in Louisville.—The business houses along the line of procession were completely shrouded in mourning. The remains started in a special train for Lexington at 12 o'clock, and two other trains followed, two o'clock.

☞ Only two editors of the London daily papers are Englishmen—namely, Delaine, editor of the Times, and Hunt, the editor of the Daily News. The editors of the Standard, Morning Herald, and Globe, are Irishmen; and of the Morning Advertiser, Sun, and Morning Post, Scotchmen.

☞ A meeting has been called in some of the Boston papers to be held in Faneuil Hall last evening for the purpose of nominating Daniel Webster for the presidency. Should Mr. Webster accept a nomination made against Gen. Scott, it would be the most unfortunate act of his life, and well calculated to make the judicious grieve.

The New York Journal of Commerce says, "Raspberries are now in their glory, and we never saw them finer. We are credibly informed that one gentleman is likely to realize $3000 this year from the produce of about five acres. Some of the cultivated varieties, particularly the Antwerp, are splendid."

The wife of Horace Prescott, of Appleton, Me. lately presented her husband with a son and two daughters at one birth.

A lady in this city did better than that a few days since, for she presented to her husband three charming boys at one birth.

A son of Granville Flint, of Chelmsford, aged 12 years, was so badly burned with powder on the 5th that he died on the 9th. Nathan Austin, aged 15 years, was drowned in Hale's pond, Haverhill, on the 5th.

☞ There is a very agreeable, entertaining and instructive panorama now open at Market Hall for public exhibition. See notice in another column.

☞ Pants, procured on tick, are considered, "breeches of trust."

☞ Gov. Kossuth will leave New York on Saturday next, on his return to Europe.

☞ The new Liquor Law goes into operation on the 22d inst., in Massachusetts.

CONGRESS.

WASHINGTON, July 12.

In the Senate, The Chair laid before the Senate a communication from the war department—a statement of the amount paid for printing and binding for that department since March, 1849.

Mr Davis presented petitions from merchants and ship owners of Boston, praying the recognition by the United States of the independence of Hayti.

Numerous petitions were presented in favor of the homestead bill.

Mr Hamlin offered a resolution directing an inquiry into the expediency of erecting a Custom House at Waldoboro', Me. Adopted.

On motion of Mr Shields, the Senate took up the bill authorizing the authorities of Chicago to excavate a portion of the public reservation with a view to the improvement of Chicago River, and it was ordered to a third reading.

A bill authorizing the settlement of territory by the Biloxi Indians was passed to engrossment.

A bill to revive and continue in force the provisions of an act relative to suspended entries of public land, was considered, debated, and postponed.

A bill for the relief of James R. Cressy was passed.

The House joint resolution for relief of the widow of S. M. Thurston of Oregon, was passed.

The bill amending the act providing for the better security of the lives of passengers of vessels propelled, in whole or in part, by steam, was again taken up. Numerous amendments were offered, and several of them debated; some were adopted and some rejected.

Mr Mallory opposed the passage of the bill.

Mr Borland replied, and the bill was ordered to be engrossed.

A bill authorizing the sale of certain reserved lands, and a bill granting a pension to the minor children of S. M. Plummer, late an officer in the army, were severally considered and ordered to be engrossed. The Senate then adjourned.

In the House. Mr Gentry said he had been informed that some of the pages of the House with other youth, had formed a military company—they want arms, but cannot procure them without legal authority. He therefore asked leave to introduce a resolution authorizing the Secretary of War to loan such small arms as may be suitable for the juvenile corps.

Mr Stanley objected. He would rather put into the hands of those boys the spelling and prayer book.

The House then resumed the consideration of the bill to amend the postage bill.

Mr Clingwood moved that the bill be laid on the table—disagreed to—yeas 23, nays 142.

Pending an amendment to the bill, the morning hour expired, and the House went into Committee on the Deficiency bill, and agreed to the Senate amendment, granting additional compensation to the Collins line of steamers—yeas 84, nays 83. All the remaining amendments of the Senate were then voted upon, when they were reported to the House, but without final action upon them, the House adjourned.

Gen. Scott and Gen. Jackson.

Political hyenas are raking up a difficulty that occurred some 35 years ago, between Gen. Scott and Gen. Jackson. Some angry words were the only result of the difficulty, and while certain journals publish Jackson's and Clinton's letters to Gen. Scott, they omit the following letter in point:

GEN. SCOTT TO GEN. JACKSON.

Head Quarters, 1st and 3d Military Department, N. Y. Jan. 2, 1818.

SIR—Your letter of the 3d ultimo, was handed to me about the 22d, and has not been read, I might say thought of since. These circumstances will show you that it is my wish to reply to you "dispassionately."

I regret that I cannot accept the challenge you offer me. Perhaps I may be restrained from wishing to level a pistol at the breast of a fellow citizen, in private combat, by a sense of religion; but lest this motive should excite the ridicule of gentlemen of liberal thinking and acting, I beg leave to add, that I decline the honor of your invitation from patriotic scruples. My ambition is not that of Erostratus. I should think it would be easy for you to console yourself under this refusal, by the application of a few epithets, as coward, &c., to the object of your resentment, and I here promise to leave you until the next war to persuade yourself of their truth.

I have the honor to be,
Your obedient servant,
WINFIELD SCOTT.

To Gen. ANDREW JACKSON,
Commanding the Southern Division of the United States Army.

Gen. Scott has lived until that "next war," and we think his Mexican campaign did not prove him a coward, nor do we believe General Jackson ever thought him one.

News from Mexico and the Rio Grande.

By an arrival from Vera Cruz, files of journals from the City of Mexico to the 10th had reached New Orleans. All danger of a *coup d'etat* appears to be over. The official papers state that the President will not violate the Constitution, though he and the Government should perish.

An extra session of Congress was about to be convened.

Senor Robbs, a member of the Cabinet, has resigned.

On the 4th, two criminals were executed at Saltillo, for highway robbery.

The village of Alpazea, in San Querrey, was completely destroyed by a hurricane on the 28th of May.

By the arrival of the steamship Yacht at New Orleans, Brownsville dates to 28th ult., and Galveston to 3d inst. have been received.

The Brownsville Flag says that the lawless horde of desperadoes which hold possession of the country above Brownsville on the Rio Grande, are still at work. Two flat-boats which left Brownsville sometime since on their return to Guerrero, Mexico, have been attacked, and some of the crews killed.

The Rio Bravo says that Mr. Waddle, U S Consul at Matamoras, determined to interfere to prevent the execution of two Americans, ordered to be shot by Gen Avalos, at Matamoras, and stated that if the order to shoot them had been given, it must be done through the American flag. Knowing this fact, Gen. Avalos ordered the execution to take place at five instead of ten in the morning, stating as a reason, that he did not wish to be obliged to shoot the American Consul!

MORTALITY ON THE ISTHMUS.—A letter from San Juan del Sud, Nicaragua, dated June 14th, says:

"The steamer S S Lewis has just arrived. As near as I can learn, 25 men, passengers who left New York with me, on board the Northern Light, have died of disease contracted on the Isthmus, while they have been detained here. The following were the persons whom I knew: James Waldron, Auburn N. Y; J W Hotchkiss, Fairhaven Conn.; Riseville Derbyshire, Lenox Mass.; Casper Carroff, Boston; John F Nest, do; Alex. Islanshiner, St Louis; Peter M'Cary, N Y; C H Everett, Bridgeport, Conn; Kilburn Knox, East Granville; E B Halbert, Chicago, Ill. I think 25 is under the number. I am certain that this number have died."

LOUISVILLE, July 12.

It is officially announced that the Governor has appointed David Merriweather as Senator, in place of Henry Clay, until the first Monday in September.

CINCINNATI, July 11.

The cholera is prevailing to some extent at Springfield, Ill. Also at Salt River, Ky. There have likewise been six deaths at Hopkinsville, Ky.

NEW YORK, July 12th.

Chas. Barney, of the firm of Pride & Co., has filed a complaint against Barford & Co., on a charge of forgery,—damages $10,000.

WASHINGTON, July 10.

The Hon. John P. Kennedy, of Maryland, has been tendered the Secretaryship of the Navy, and has accepted the same.

Physician's Notice.

The celebrated Dr. MAHONAH, Physician and Surgeon from London, begs leave to inform the inhabitants of Bangor and vicinity, that he has procured the best treatment in curing the Venereal Disease, Spinal diseases, Cholera, Cancers, Worms, Consumption, Rheumatism, by a new invention, Fits, Gravel, Disease of the eyes, Salt Rheum, Dropsy, Deafness &c. to give universal satisfaction. He has also practised with Bonaparte's Surgeon, and has been 50 years in practice.

May be consulted at Mrs. H. A. Yerxa's, opposite Court House.

Lesage's Specific,
NEVER failing remedy for thoroughly eradicating diseases of the Urinary Organs, such as Gonorrhœa, Gleets, Whites, Strictures, Stone in the Bladder, &c. and needs but to be once used to be universally esteemed. The proprietor would respectfully caution those troubled with the above annoying complaints, to beware of those care-every-thing principled individuals, without the slightest knowledge of the structure of the human system, recommend for every disease. Lesage's Specific is only intended for the cure of Private Diseases, and the thousands that have sent their unsolicited certificates vouch for its efficacy, while no better it is known the greater is the demand for it. How different from the various quack medicines which, when the unhappy patient has once used, too inducement can ever make him try again—Lesage's Specific has been the remedy depended on by every clime, the senator, the lawyer, the mechanic, the seaman and the dashing captain have all tried it and found it truly the good Samaritan in the hour of trouble.

Dr Darby annexes extracts from some of his certificates:

U. S. Frigate Cumberland, 1851. I contracted a disease at Naples; and tried all the remedies suggested by the most experienced Surgeons, without success. Lesage's Specific has restored to me the health I long despaired of.—J. W. W.

Louisville, Ky.—I have much pleasure in stating that Lesage's Specific has cured me of a gleet of 22 months duration.—H. C. D.

Bangor, Me.—After having used two bottles I found myself cured of an old standing complaint in six days, and shall not fail to recommend you, should I know of any troubled as I was.—I. Brown.

Sold by RALPH H. DARBY, Apothecary, No. 91 Broad street, Boston. Price $1.00 per bottle; two bottles $1.75.

Orders from the country, enclosing a remittance promptly attended to. A liberal discount made to Physicians, Apothecaries, Masters of Vessels and Expressmen.

Pictorial Geography
OF THE WORLD!
By S. G. Goodrich, assisted by History generally, from Abroad.
IT'S size is super royal 8 vo., and consists of 1008 pages, and more than 1000 engravings, tastefully executed, so as to fix in the mind facts that not only illustrate, but strengthen Geographical locations, containing a vast amount of curious and important intelligence, embracing a complete and scientific system of modern Geography.

It is extremely useful to the young being attractive as well as descriptive geography and interesting as a book to read. It includes the most delightful descriptions of all quarters of the Globe, with copious statistical and commercial tables, derived from the highest European and American sources, embracing all authentic information in every department connected with the subject, and it will be found to be more full and complete, than any Geography yet published in the United States. This work is continued, and a supplementary volume will be issued when the census and statistics now printing by Congress, shall be completed. As this supplementary volume will be furnished to all who desire it, it will give a permanent value to this work which attaches to no other work of the kind.

The above work is for sale in consequence of its continuation. The subscription is entirely excluded from the trade. The Agent, therefore, will call upon the families and individuals and furnish the book to those who want it.

CARRIAGES!
Patronise Home Manufactures.
WE are manufacturing Light Carriages of every description, which we are prepared to warrant equal to any in the market, without any exception. We have purchased the right to use a patent attachment for Four Wheeled Carriages, whereby Carriages can be made to turn in a very small compass, describing a circle of 6 feet, avoiding the grating noise occasioned in turning (which is desirable) as the wheels do not come in contact with the body. We will be understood we hold ourselves responsible for the failure of our work in consequence of the use of poor stock of work.

We also manufacture Elliptic and Side Springs of a superior quality.

Jobbing in every branch promptly attended to at fair prices.

N. JOHNSON,
Who is SOLE Agent, and always has been, for this market, for the sale of the celebrated Stove above named, of which 25,000 were sold the past year, and of which some 30,000 will not be more than sufficient to supply the demand the present year.

The BAY STATE is sold and warranted as usual. Returned after an unsatisfactory trial of 30 days, the price paid will be refunded, together with interest and cost of returning.

Persons purchasing the BAY STATE, and desiring repairs, are not subjected to the trouble of sending to Rhode Island or New York for castings, nor to wait in Bangor for them, AS I HAVE THEM ON HAND.

A CHALLENGE OF $50
Is proposed, that 50 Stoves of six sizes, of any other pattern than the BAY STATE, (for which I am sole Agent,) cannot be produced which will compare with the 50 I now have on hand, in thickness and smoothness of Castings, or in facility and capacity for broiling, baking, boiling, or other cooking requisite.

The public are specially requested not to mistake a Stove called the "IMPROVED" BAY STATE, which is cheaper and inferior article, of thinner and less durable castings, and which is sometimes advertised without the word Improved, as a prefix, for the original and genuine BAY STATE, which has been, so generally and thoroughly tested and endorsed.

All other kinds of STOVES constantly on hand, at reduced prices.

George Hummell's
PREMIUM
ESSENCE OF COFFEE.

ONE package at 12½ cents will save four pounds of Coffee. Thousands of families not only of the poorer but also of the most genteel and richest and many of the first physicians of this city and of other places witness that Coffee made with this Essence is much wholesomer, more delicate, finer flavored, perfectly clear, and in every instance better than the best Java Coffee.

This Essence was awarded a silver medal by the American Institute of New York, also a premium by the Franklin Institute of Philadelphia, 1851, in both institutes the highest premium for such articles.

See the certificates in our circulars of Drs Booth and Coulton, two of the first practical chemists in the United States, also of several other prominent chemists.

PATENTS.
American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, *WASHINGTON.*

No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 11th Sec. of Act of '37.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *whereby a Patent may be procured about six weeks earlier,* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, Inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally explaining their inventions,* and of consulting in respect to them; *matters in general of paramount importance in order to obtain correct specifications and claims.* The experience of sixteen years practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with documents here kept of inventions patented at Washington, enable the subscriber to afford to inventors additional facilities in procuring Patents, assistance and information which no other resort might have in difficult of attainment.
R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21 1849.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq. of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

DR. FONTAINE'S BALM
OF A
THOUSAND FLOWERS,

For the Toilet, the Nursery, of Bathing, and many Medicinal Purposes.

HIGHLY perfumed by its own ingredients. Recommended by the faculty of almost every European city, and established under the patronage of almost every Physician in London and Paris, and thousands of individuals, who make daily use of it in New York, Philadelphia and Boston.—It is the greatest luxury a lady or gentleman could wish for, the improvement of health, for comfort and personal embellishment, and its delicate spirit ingratiation, and the delightful softness it imparts to the complexion.

We give a few of the prominent properties of the **Balm of a Thousand Flowers!** already well established by actual experience.

FIRST.—This Balm remedies every defect of the Complexion,

And establishes in its stead Beauty and Health, as that time when both, by the chances of age, or freaks of nature, or disease, have been obscured and undermined—it cleanses the skin, and draws to the surface all impurities, and every species of pimples and blotches; also removes tan, sunburns, sallowness and freckles, imparting to the skin its original purity, and an unsurpassed freshness, rendering it clear, smooth, and white.

SECOND.—It promotes the Growth and increase of the Hair, causing it to Curl in the most natural manner.

It cleanses the head from dandruff, giving vigor health and life to the very roots of the hair.

THIRD.—It is a superior article for Shaving, being superior to all descriptions of Soaps, Creams, Pastes, &c.

As a DENTRIFICE for cleansing the Teeth, it is by far the most medicinal of any compound yet discovered, preventing decay, relieving pain, curing cankers, and renders the teeth as white as alabaster. For bathing, for suffering infants and for adults to promote sweetness of body, cleanliness health and strength, and to prevent eruptions, &c., there is no article more suitable than this Balm. It may be used in cold or warm, hard or soft water.

TO PHYSICIANS
—AND—
THE AFFLICTED!

I HAVE received this day a new supply of GOLBERGER'S
Galvano-Electric Chains,

which are recommended by all the first Physicians in Europe, as the certain remedy for *Gout, Rheumatism and Nervous Complaints,* what our eminent Physicians, Dr. Wm. Wesselhueft, Dr. C. F. Hoffendahl, Dr. John Birnstill, and Dr John Erkel, in Boston, Dr John Vandenburg, in New York, Dr. McManus, in Baltimore, etc. *have proved by trying them.* More than 1000 testimonials of above Physicians, *which are confirmed by the government of Berlin,* may be read in the different languages by my Agents. All persons afflicted are respectfully invited to call on my Agents and satisfy themselves personally, of the truth of these statements.

I recommend these Chains to all afflicted, as there are daily new and extraordinary cures effected by them.

The genuine Galvano-Electric Rheumatism Chains of Goldberger, are to be obtained of the following Agents.

BRANT'S
PURIFYING EXTRACT
The Greatest
BLOOD PURIFIER
IN THE WHOLE WORLD.

Price $1 per Bottle, or Six Bottles for $5.

It is now put up in QUART BOTTLES, of the same power and medical efficacy as when in small bottles. Each *Large* bottle contains SIXTY-FOUR DOSES, and the medications are so Strongly-Concentrated that only One Tablespoonful is required at a Dose—three times a day—thus one bottle lasts Twenty-One Days, which is much longer than a bottle of any other medicine lasts, because there is required of this a less quantity at a dose.

The great Superiority of this Blood Purifier over all other medicines, consists in a great measure in its possessing as a part of its compound, the powerful Medical Virtues of some Scarce and Rare

Indian Roots and Barks,

which no other medicine possesses. These are the most certain Purifiers of the Blood that were ever known to either *Indian* or *white man;* and these being compounded with the *strongly-concentrated Extracts* of

Sarsaparilla, Yellow Dock,
CHERRY AND SASSAFRAS BARKS,

make this Vegetable Extract, not only the *greatest* Blood Purifier, but also, a *cheaper medicine* by great odds than any other.—It is *cheaper,* because the quantity of it that may be bought for One Dollar will last much longer, and will cure Ten Times more Blood-disease, than *One Dollar's* worth of any other medicine.

For undoubted proof of the *Cures* of
Scrofula, Fever-Sores,

Scald-Head, Erysipelas, Salt-Rheum, Rheumatism, Syphilis, Eruptions, Pimples on the Face, Liver-Complaints, *Piles, Lumbago, Cancerous Ulcers,* Costiveness, *Sore Eyes,* Dyspepsia, *Pains in the Side, Breast, Bones, and Joints,* and ALL OTHER IMPURE-BLOOD DISEASES, see our PAMPHLETS and *Handbills*—every Agent has them to give away.

SPIRIT OF BEAUTY.
HOW TO BE HANDSOME.

I can assure any person how to be handsome. [illegible]

Copies [illegible]

Beauty [illegible]

I recommend [illegible] for Sweetening the Breath and Beautifying the Teeth. They have been adopted in my family with astonishing success.

From Mr. H. L. Smith, 294 Grand St. N. Y.

"I have tried Mr. Lavasse's plan for hastening the growth of Whiskers, Hair, &c. The directions he gives in his Secret of Beauty, are worth a fortune to all who want whiskers, &c."

Mr. Stephen Stewart, of Newark, New Jersey, says that his eye sight has been greatly improved by adopting M. Lavasse's directions and treatment for weak eyes. His friends have also tried the method with great benefit.

From Col. S. T. Sanford, 31 Canal St. New York.

"I have been trying your instruction for coloring the hair, and have met with more than I hoped for. The Secret of Beauty is worth hundreds of dollars to all who want the hair colored."

From Miss Kate Townsend, Waverly Place, New York.

"The directions M. Lavasse gives for removing superfluous hair are the best I ever tried. His plan is far better than any depilatory powders I know of."

M. Lavasse could fill a large book with testimonials in favor of his different plans for improving the appearance, preserving the teeth, hardening the gums, &c.—His work is the most popular thing ever printed. All ages, classes and sexes unite in its praise. He is selling thousands of copies of his work every month.

The work called the Secret of Beauty gives directions for making and using the different articles advertised. M. Lavasse does not prepare them for sale. His time is too much taken up in attending to his vast correspondence. You can send the money by mail for the work, (one dollar.) There is no danger of its being lost. On receipt of the dollar the Secret of Beauty is sent by mail sealed up like a letter, and at letter postage.

Inducement to Clubs.—To accommodate neighborhoods eight copies will be sent for FIVE DOLLARS. Beware of imitations. Address as above.

No person can sell this work without written authority from M. Lavasse.

AGENTS WANTED.

Active persons of either sex can make money by selling this little work. Terms liberal. M. Lavasse, French Chemist, 104 Nassau Street, New York.

Light for the Million!

HOME MANUFACTURE OF BURNING FLUID!

IN consequence of the repeated complaints of poor Fluid sold in this market, the subscribers have been induced to engage in the manufacture of it, and are prepared to furnish in any quantity at the lowest price, and they feel confident that they can furnish a better article than has been sold in this market for the last two years, not excepting Marsh's Patent Oil, and they will guarantee that it will burn as long, give as much light, and is as safe, and will color it the same color if desired, without any extra charge, and will make any experiments with the Fluid that the venders of that article will make with that. For sale as above at wholesale and retail, at No 1 Kenduskeag Bridge,

Great American Remedy,
FOR COLDS, COUGHS, ASTHMA, CROUP, AND CONSUMPTION.

WHY, Invalids, do you almost invariably overlook the very best remedy for your complaint, in search of something with a foreign or mysterious, or crackjaw name? Half of them are made by quacks, or persons having not a tithe of the scientific and practical knowledge, either of medicines, or of the human system, of the author of the above medicine. For dry, hard coughs, and for children with severe stuffed colds, or with croup, it is invaluable; and I challenge a trial of effects with any Indian, Egyptian, Arabian, English, French, German or any other foreign or domestic preparation, which is now offered to the public for sale, in all the cases for which it is recommended. It was used, by Doct Manly Hardy, its author, for many years with great success.—More than twenty thousand have tried it, and all commend it, then why look farther?

PRIVATE INSTITUTION
FOR
DISEASES of THE EYE.

FOR his own convenience, and the comfort of those of his patients from abroad, who, requiring either surgical operations or prolonged treatment, cannot always obtain suitable accommodations, the subscriber is preparing a house in an airy and healthful part of the city. It will differ from other boarding houses of moderate size only in the adaptation of its internal arrangements to affections of the eye. It will be under the care of a person in whose discretion and kindness I have confidence, and will be opened June 1st.
